Mr. Greg Pelsler  
Hunter-Davisson, Inc.  
1800 S.E. Pershing St.  
Portland, Oregon 97202

Dear Mr. Pelsler:

It was a pleasure to work with you and the Hunter-Davisson organization on the 911 Communications project. We would like to take this opportunity to thank you for an exceptional job and hope that you, in turn, will express to everyone on your staff our appreciation of your firm's cooperation and professionalism.

Your crew performed with a positive attitude and maintained exceptional awareness of the coordination, noise, and security issues that are inherent to working in an occupied area. Their commitment, workmanship and attention to detail are a credit to your firm. We also feel that the high level of coordination between your engineers, and our project managers and foremen was key in providing a quality product to the owner.

We look forward to working with you on future projects. We fully endorse your firm and invite you to use us as a reference.

Regards,

A handwritten signature in black ink, appearing to read 'D. McQuown', written over a horizontal line.
